Take care of the side menu bar icon and more icons.

Or just make it classic (song lyrics within the prayer) (Not recommended, attach with a theme)

The lyrical view for external songs like entrance, psalm etc. remains same, a separate page with a bottom close button.

The Additional tab is not defined yet. It contains prayers which varies with time (eg. Kaithakkalam, Eliya sleeve moosa kaalam, Uyirppukaalam etc.)

It also contains karososa prayers (Either give links like lyrics and show prayers on a popup page.)
